Al Morrissey of El Paso, who is well and favorably known in this city, arrived last night and will remain a few days taking in the sights of Tombstone.

The Morning Mongolian says editorially "that capital is organizing against labor." We wonder if the proprietor of that sheet belongs to the cut-throat.

It would seem as though General Miles was needed here at once, for no sooner did he start for the northern part of the territory than the killing began by these blood-thirsty Apaches.

The Apaches have taken a new scope of country for their depredations. This time invading the county of Pima, and in the close neighborhood of where they killed Peterson, the mail carrier, last summer.

Joe Pascholy has returned from a trip through the Sulphur Spring Valley looking as healthy as a picture and as brown as a nut. He reports the stock in the valley as all looking well.

There are five companies of soldiers out after the Indians who killed the settlers near Calabasas, and they have instructions to follow the trail until they kill or capture the murders and

have orders to make one hundred miles per day. This means business.

Don't fail to attend the Pink and White Tea to be given at the residence of Mrs. Cheyney, this evening, for the benefit of the Rectory fund of the Episcopal Church. Fifty cents admits you and entitles you to a dish of ice cream, and to the musical recitations and tableaux. Everybody is invited.

From Judge Stillwell, it is learned that a dispatch was received in Tucson yesterday, from Britton & Rey, the attorneys for Lathrop and against the County Court, to Haynes & Stiles, attorneys at Tucson, that the Supreme Court of the United States had sustained the County Courts in this Territory.

C. W. Hartsfeld, the inventor of the Hartsfeld smelter will take his departure to-morrow morning for the East, his immediate presence being required there in reference to the sale of several smelters. He will return, however, in three or four weeks.

Since the introduction of water on the new cemetery there has been a great deal of work done towards beautifying the ground, the most notable of which is the plot secured by the firemen. The fire boys are the noblest work of God.

A person by name of Henry Clay attempted suicide this morning by taking two ounces of laudanum. He was taken to the County Hospital, and as we go to press there are signs of his recovery.

Mr. E. B. Lang has accepted the position of advance agent for Frush's circus. Ed. is well fitted for the position, a thorough gentleman and will make a host of friends.

A RARE CHANCE

Mr. C. H. Moye, of Los Angeles, has arrived in this city with four handsome black walnut organs of the celebrated make of Packard, and Story & Clark. These organs have all been selected with reference to their ability to stand this climate, and a guarantee goes with every one. They will be sold very cheap for cash, or upon easy installments. Our citizens will not have to take Mr. Moye's word for the quality and tone of these organs and wait until they can be shipped to them after purchase, as he has them here in the city, and they can be inspected and examined on and after Thursday next, on Fifth street, next door to Cobb's. Don't fail to call and examine them and see how cheap you can purchase one of the finest musical instruments in the world. Mr. Moye is also agent for all the celebrated makes of pianos, which he will also sell cheaper than ever known before. 4-27-1w.

REPORT Of Professor Dennis McCarty, On the Result of the Ore Run Through the New Hartsfeld Smelter.

The following is the report of Prof. Dennis McCarty, assayer for the Tombstone Mill and Mining Company of the assays and productions from the ore run through the ten-ton Hartsfeld Smelter, situated below town, which report shows it superior to other smelters now in use, and also showing the saving of all metals. A careful perusal of the report below will convince the most skeptical:

RATES OF FARE

HEADQUARTERS GENERAL COMMITTEE OF MANAGEMENT, TWENTIETH NATIONAL ENCAMPMENT, G. A. R.

San Francisco, April 15, 1886.

The General Committee of Management of the Twentieth National Encampment, G. A. R., which will convene in San Francisco August 3, 1886, publishes the following information for the benefit of those who propose to join the grand excursion to the Pacific Coast.

TRANSPORTATION.

Regarding fares from Eastern points, we can state that the very favorable rates made from points on the Missouri River, as heretofore announced, have been supplemented with corresponding reductions by Eastern lines for the benefit of Comrades of the G. A. R., members of the W. R. C., and of kindred organizations, their families and female relatives, who may desire to attend the National Encampment, or visit California during the Summer of 1886, and we call your attention to the following extract from the report of our sub-committee on Transportation.

"We beg to inform you that in connection with the \$50 rate from Missouri river terminals to San Francisco and return, what are known as the Iowa lines have made a connecting rate of \$12.50 from Chicago to said terminals and return, and the New York trunk lines have likewise decided upon a connecting rate of

\$25 from New York to both Chicago and St. Louis, and return."

"The New York rate will probably be the ruling figure for the neighboring territory, while for the country east thereof, that is, the northeastern states, a small additional rate will be added to the New York rate, and for the territory between New York and Chicago corresponding reductions will undoubtedly be established."

"This will make the through combination rate from New York via Chicago \$87.50. At the same time we are even inclined to think that a lower rate will be made, based upon St. Louis figures, which must be alike applicable to all competing lines."

In this connection we publish the following, for the benefit of all concerned:

Tickets will be placed on sale thirty days prior to August 3d, and must be used through to San Francisco before that date.

Tickets must be used for return passage to eastern terminals within eighty-five days from August 3d. Tickets will not be good for return passage previous to August 3d.

Return tickets will be extended for sixty days on the payment of \$25 additional in San Francisco.

If after arrival here, the holder should desire to change his return route, he will be able to secure an exchange of tickets by such other route as he may then prefer, by presenting his original ticket and paying \$10 additional for such exchange.

Parties desiring to return from San Francisco via Portland, Oregon, can have return tickets issued accordingly by payment of \$12.50 when the tickets are exchanged, this amount being a special rate made for steamer passage from San Francisco to Portland. If exchange for a return via Portland is made at San Francisco or Portland, \$10 must be paid in addition to the \$12.50 provided for above.

One hundred and fifty pounds of baggage will be carried free on G. A. R. excursion tickets.

Stop-over privileges will be allowed within the time limit or life of the G. A. R. tickets in either direction, but it must be borne in mind that westward these tickets will not be good for passage after August 3d.

Those purchasing G. A. R. tickets and coming west early, will enjoy a more comfortable trip, avoid the inconvenience of the crowd that will wait until the latest dates prior to the opening of the Encampment, and will secure longer time here, giving opportunities to visit neighboring localities, and stop-over privileges before commencement of the Encampment.

LOCAL.

For the benefit of our visitors who may desire to visit interior and coastwise points, the rates of railroad fares have been fixed at one-half the usual rates, or one fare for the round trip, with reasonable limit of time and privileges. Steamship lines for like purposes, offer two-third rates, including berths and meals.

Excursion for large bodies to noted points are being arranged by the excursion committee at greatly reduced rates, which will be promulgated at the proper time.

The Modern Newspaper.

Newspapers have undergone numerous changes since first introduced to the world. What they are now a clever American writer tells us in the expressive language of his country:

"The newspaper of to-day is a library. It is an encyclopaedia, a poem, a biography, a history, a prophecy, a directory, a time-table, a romance, a cook-book, a guide, a horoscope, an art critic, a political resume, a ground plan of the civilized world, a low priced multum in parvo. It is a sermon, a song, a circus, an abutary, a picnic, a shipwreck, a symphony in solid brevity, a medley of life and death, a grand aggregation of man's glory and shame. It is, in short, a bird's eye view of all the magnanimity and meanness, the joys and griefs, the births and deaths, the pride and poverty of the world." The journalist, the man who makes the newspaper, is equally remarkable in his way, for he is a short-hand reporter, a statesman, a lawyer, a divine, a poet, a novelist, a dramatist, musical, artistic, and literary critic, a tailor, a tailor, a dressmaker, a cook, an engineer, a general, an admiral, an architect, a linguist, an inventor, an historian, a commentator, a reformer, an astronomer, an encyclopaedia, a dictionary, a reference library, an art gallery, a museum, and an embodiment of genius, industry, honesty, philanthropy, wit, humor, satire, and special knowledge. And all this to earn a penny.—P. and P. T. Journal.

Near St. Dav d's.

Word was received here to-day from Benson as follows: A party arrived here to-day and reports having seen two mounted Apache Indians within two hundred yards from St. David's riding in much haste and trepidation towards the railroad, and from the direction they were taking it was thought that they would cross the track about Ochoa Station.

This information confirms the report in the Tombstone yesterday that the Indians had raided near Calabasas, and also of the eighty volunteers that had started in pursuit of them. From the above it would appear that the volunteers must have gotten pretty close to the hostiles, and that they were scattering in all directions.

COUNTY RECORDS.

The following instruments have been filed in the office of the County Recorder:

A Very Bad Man.

BOWLING GREEN KY., April 26.—Sheriff Love, of Whitestone County, Tex., arrived here yesterday with the assistance of Sheriff Dunavan, one R. C. Robinson alias R. C. Holliman, and took him to the "Lone Star State" where he is charged with murder, horse stealing, train wrecking ect., there being seven indictments against him. The prisoner had been in the employ of Forbex & Brother's planning mill for five months and went by the name of Holliman. He is said to be a bad man and has been a fugitive from justice for a considerable time.

Increase in Revenue.

WASHINGTON April, 27.—During the first nine months of the present fiscal year ending June 30 1886, there was an increase of over \$7,000,000 in the revenues of the government as compared with the corresponding period last year and for the first nine months of this year the expenditures were over \$16,000,000 less than the expenditure for the same period of last year making a net gain of over \$23,000,000.

Here is Your Help.

Among the arguments used by those who are willing that the Chinese should go but who want them to remain a little longer, is this, "How can we get our washing done?" Any argument on this question is solved by this answer: "Purchase an A. No. 1 LITTLE JOKER WASHING MACHINE." This machine is light and simple, cheap and durable, so simple that a child or a weakly or sickly woman can run it without exertion. It saves time in fact a large family wash can be put out in two hours. It washes clean and does not wear out your clothes. Call and inspect one of the machines at Mrs. Grant who is the agent at the American Lodging House, Tenth street next door to the court house, Tombstone, A. T. 4-12-tf.

New Styles.

Mr. B. Hattich has just returned from a visit to California and the eastern states, where he purchased a large assortment of foreign and domestic goods of the latest styles and patterns. These goods are now on exhibition at his Tailoring Emporium on Allen street, between Fifth and Sixth, where parties desiring new spring or summer suits made to order in the most fashionable styles should call. 4-17-tf

Occidental

Hotel. The only first class hotel in Tombstone. Situated on the corner of Fourth and Allen streets. Handsomely furnished throughout, and has all modern improvements. Travelers are recommended to stop at this house. Private rooms for commercial travelers. A bar of this house is furnished with improved billiard tables and card rooms, and is stocked with the finest brands of wines, liquors and cigars. adtf JOSEPH PASCHOLZ,
